WORK EXPERIENCE

TEACHING ASSISTANT

NTNU, January 2021 - April 2021

I worked as a teaching assistant in the subject TDT4180 - Human computer interaction for four months. Here I learned how to give good feedback, and how to help students see solutions to their problems.

BOARD MEMBER

Schøyens Gate 10C, May 2019 - Present

I am currently a board member in our housing association. In this job I have had responsibility for a change of the apartments doorbells/door openers, plus several smaller tasks.

SUMMER INTERN

Steinkjer kommune - Tranamarka avfallsmottak, June 2020 - July 2020

I worked for Steinkjer municipality renovation, at Tranamarka, which is a waste reception facility.

SUMMER INTERN

Steinkjer kommune - Tranamarka Raubua, July 2019 - August 2019 and July 2018 - August 2018

I worked for Steinkjer municipality renovation, more accurately at a resale store called Raubua. Here I would sort items that came to the store, price them and sell them. This taught me to work with customers, so I can contribute to this.

EDUCATION

NORWEGIAN UNIVERSITY OF SCIENCE AND TECHNOLOGY

Master of Science: Computer science, August 2018 - June 2023

Specialization: Artificial intelligence.

Some of the subjects I have taken/am taking are cognitive architectures, introduction to AI, computer technology - programming project and web development.

STEINKJER VIDEREGÅENDE SKOLE

August 2015 - June 2018

General studies specializing in math, physics and chemistry.
